

# The Cost of Compliance: An ELD Price Comparison

Electronic logging devices (ELDs) come in all shapes and sizes. Only a few go beyond the bare-bones basics to give businesses a comprehensive view of their fleets — driver hours, driver behavior, vehicle usage and safety. For nearly 10 years, Teletrac Navman has provided ELD systems that give managers complete control over fleet operations and meet all federal requirements. We have passed every new regulation with flying colors. And we've done it at a fraction of the competition's price. We want to help you remain compliant, not hurt your wallet.

	Hardware	Monthly Fee	Implementation	First Year Cost
 <b>Teletrac Navman</b> 3 year contract	\$0	\$45	\$0	<b>\$540</b>
 Omnitrac's 5 year contract	\$799	\$23	\$249	\$1,323 2.5x more
 Rand McNally 3 year contract	\$299	\$40	\$2,500	\$3,279 6x more
 PeopleNet 3 year contract	\$1,200	\$40	\$3,800	\$5,480 10x more
